Team Member	Assigned Task(s)	Progress / Achievements This Week
Thomas	Team Contract	Roles and responsibilities of each member were assigned and thoroughly described. Meeting planning with professors and common time availability were discussed. The contract was signed.
Joseph	Team Contract	
Christian	Team Contract	
Jonah	Team Contract	

End-of-Week Progress Report

Challenges/Issues Faced:

It took time to figure out a schedule where all members would be available to meet. We decided on meeting during the Thursday class times since that was an already established schedule for the course.

Plans for Next Week:

We planned on communicating with our professors and setting up schedules to regularly meet with them and gather more information on our first few tasks.
